Tremendous Demonstration Greeted Field Marshal on Arrival.

### TROOPS KEEP CROWDS BACK

Hero of African War Greeted by Many Members of the Royal Family.

LONDON, Jan. 3.—A tremendous demonstration greeted Field Marshal Lord Roberts on his arrival here from South Africa today. Fifteen thousand regular troops lined the route from Paddington station to Buckingham Palace, while thousands of police were massed at various points to prevent dangerous rushes of the crowds. The streets were packed long before the hero's arrival. Everything that could be done was done by the authorities to avoid a repetition of the riotous outbreaks which marked the welcome to the Imperial Volunteers.

Lord Roberts reached Paddington station only twenty minutes behind the schedule time. As he descended from his saloon carriage to the platform of the elaborately decorated railroad station he was greeted by the Prince of Wales, the Princess of Wales, the Duke and Duchess of York, the Duke of Connaught and the Duke of Cambridge.

The members of the royal family shook hands heartily with the Field Marshal, while the bands played the national anthem. The Princess of Wales engaged Lord Roberts in a conversation of some length.

The Prince of Wales soon left the railroad station, preceding Lord Roberts to Buckingham Palace. The returning Field Marshal was then presented with an address from the municipality of Paddington.

After Lord Roberts had replied the procession was formed, the Headquarters Staff in six carriages following immediately behind the Field Marshal, who occupied a state carriage escorted by Indian cavalry. The Secretary of State for War and the Secretary of State for Foreign Affairs were seated in another carriage. A detachment of cavalry brought up the rear.

The party proceeded to Buckingham Palace by way of Hyde Park and Piccadilly. Deafening cheers greeted the Field Marshal and new Commander-in-Chief of the Forces along all parts of the route. Clubland was ablaze with color and the greatest enthusiasm prevailed. Women admitted to the clubs through the windows and balconies.

The hotels and other buildings were crowded from top to bottom with cheering spectators.

The roar of welcome rolled on increasingly until the veteran Commander entered the gates of the Palace.

The Foot Guards on duty, wearing their overcoats, were drawn up in line, while without some 50,000 persons were packed together in an effort to get a view of the hero of the hour.

The royal party arrived half an hour before Lord Roberts, who was driven into the quadrangle and a salvo of cheering from the crowds.

Lord Roberts would not go to luncheon until he had inspected the Guards. Accompanied by one or two officers he walked between the lines of men towering over the tiny commander, making him appear smaller than ever.

When the inspection was over Lord Roberts, the members of the royal family and the generals went into the palace and had a private luncheon.

### KITCHENER IS ACTIVE.

Orders New Cape Volunteers to Head Off Boer Invaders.

CAPE TOWN, Jan. 3.—Gen. Kitchener has sent a despatch to Gen. Forrester-Walker, in command of the British forces at Cape Town, in regard to the calling out of volunteers, saying:

"I am glad to hear of the Ministers' action. Give them all the assistance in your power. Use troops to get these colonies south of the enemy. Ask the Premier to inform me if I can help in any way. Inform him that the enemy are few, but very mobile. Well-mounted men are most required to surround them or drive them north."

A station master of the Fraserburg road has seized a number of cases marked "Condensed Milk," addressed to Fraserburg, which contained 500 spit-buckets, 500 detonators and 150 pounds of dynamite.

The Governor recommends that all inheritance taxes should be collected by the State Comptroller direct instead of by the county treasurers. In New York County the Comptroller collects the tax for the State and receives a percentage on doing so. Last year Comptroller Coler's percentage amounted to about \$100,000. The State Comptroller, Smith and Huntington, last year before it was about half that.

## BODIES STOLEN AT BELLEVUE.

Remains of 800 Patients Wrongfully Sent to Dissecting Tables.

The latest charge against the Bellevue Hospital administration is that of delivering bodies to the colleges for dissecting purposes without the knowledge or consent of relatives of the deceased. It is said that about 800 bodies have thus been stolen in three years. Much of the blame for this is said to lie with the man who has charge of the records of the hospital. He enters the name of patients as they are taken into the hospital. He is charged with many times entering a patient as being without friends. Consequently when the patient dies there are no addresses to send notifications of death to and the body is sent to some college for dissecting purposes.

The matter is to be investigated, and it is expected that it will be taken up in a very short time.

Commissioner of Charities John W. Keller was still too ill to-day to be at his desk in the Charities Department. He was seen at the New Amsterdam
